TRANSFORMING THE ECONOMIC REALITY OF HOUSTON FAMILIES

Samantha Ramos always dreamed of working in the medical field but her family commitments made studying and paying for training almost impossible. With Capital IDEA Houston's sponsorship, she was able to complete her Licensed Vocational Nurse training. Since then, she has gained greater self-confidence and is ready to contribute to the growth of Houston's economy. As a result of her hard work and perseverance, Samantha has recently been hired as a nurse at Texas Children's Pediatric Ripley House.
